16th March 2011

Dear Mr McGrory,

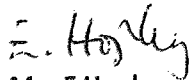

I would just like to take the opportunity to thank you for the service you provided to me to install the cavity wall insulation in my home. I was looking for a reputable business to do the work and you came recommended by the Energy Saving Trust.

Your team did an excellent job, leaving no mess behind, and during the installation they found that a part of my home already had insulation for which they reduced the original quote, which shows some real integrity not always found in other companies.

I estimate that we have already saved more then £100 over the quarter from our energy bill and considering that the weather was colder and the heating was on longer than the previous year, I am extremely pleased.

Thank you again for a job well done,

Yours sincerely,

Mrs E Hopley
